

Northumberland Association of Local Councils

NALC Enews - Storm Arwen 30 November 2021 Please forward to all Councillors and Staff

Storm Arwen

The County Council have requested that we assist by circulating this message. Northumberland Councils should have received a copy direct.

Dear colleague,

I am writing to request your help as we continue to deal with the aftermath of Storm Arwen.

As you'll know this was an unprecedented incident which led to thousands of homes losing power, water and phone

While the council, along with the emergency services, have identified our most vulnerable residents and are providing all the support we can, we know you as parish and town councils know your own communities better than anyone.

We are therefore asking if you could let us know of any concerns you may have on potential elderly or vulnerable people in your parishes so we can follow-up and provide any help they need. This would particularly include any in remote places who may not be as visible to neighbours.

It is possible that power and water may have been restored to your area and you are not aware of any significant issues or concerns – in which case there is no need to get in touch.

We would ask if you have any information you share it with us via our dedicated mailbox – stormarwen@northumberland.gov.uk

Thank you in advance for your valuable assistance in this matter

Neil Bradley

Service Director

Adult Services
